Letter of Recommendation Letter – ADEBOYE ONI

I am pleased to write this letter of recommendation for ADEBOYE ONI.

Boye was employed as the Web Developer for WebExperts Nigeria Limited, a business unit under Zeta-Web Nigeria Limited for over 3years. He started as a Web Developer and grew with increasing skills in that capacity as well as in the UX/UI and programming across different web software.

During his time with us, Boye wore many caps as he was someone I came to rely on heavily on any website (online /offline) and web development queries – he evolved from the shy guy to a confident and matured key member of staff that could interface with both internal and external customers with ease and indepth knowledge of web development and management.

His advice on Online Presence Maintenance, Google Analytics, Linux, PHP etc. helped position the unit for success and increased our revenue by over 12.45% over a financial year. As a business, we were able to include additional services into our service suites that helped the business growth expansion.

Boye takes a great deal of pride in his work and strives hard to ensure he not only meets our clients' needs but exceed their expectations. He is a great listener, which is an asset as this enables him to understand the clients' need but also proffer a solution that will ease the burden for them; Because of his commitment – meeting deadlines and ensuring customer satisfaction, majority of the businesses on web development and management were based on referrals.

He is hard-working and often works late into the night, a great team player, a good leader and above all great personality that endears him to people.

I have absolutely no hesitation in recommending him for any web development role not only for backend but frontend as well.

I sincerely believe that Boye will be a tremendous asset to your team.

Should you require any additional information or clarification, do not hesitate to contact me on mesomojumi@webexperts.ng, mesomojumi@zeta-web.com or call me on +234 806 273 2522.
